Quick access to see a doctor

You know how quick and easy a Telehealth video visit is. Using your smartphone, computer, or tablet, you can access Telehealth services to speak with a doctor or therapist anytime you need care including after business hours and on weekends.

Telehealth covers both medical and behavioral health care for conditions that can be treated through video visits. With Telehealth, you can see a doctor or therapist anywhere you have online access, including your home, workplace, or wherever else you may be.

What's new is two easy ways to access Telehealth

Check with your local doctor or use our Find a Doctor tool on Member Central to identify doctors in the network who offer Telehealth services.

Visit **bluecrossma.com/telehealth** to connect to our national network of online doctors and therapists who offer Telehealth services powered by American Well, an independent company.

Since a video visit typically takes about 10 minutes, you'll have more time to spend doing the things that matter most to you!

How to begin a Telehealth video visit

Local network doctors who offer Telehealth services will have their own way to begin a video visit. Usually, this is as simple as going to the doctor's website or using an app on your mobile device. To get started, ask your local doctor how to access his or her Telehealth service.

To access our national Telehealth service provided by American Well, visit [bluecrossma.com/telehealth](https://www.bluecrossma.com/telehealth) using your smart phone, computer, or any mobile device.

What to expect from your Telehealth visit

Your doctor can review your medical and behavioral health history, answer questions, and diagnose, treat, and prescribe medication.
