

C-33171S Regional Operator A

Description:

Pay group: 22

Location: Liverpool

Supervisor: Kenneth Buske

Unposting Date: 08/16/2022

About the Position:

Under direct supervision to control, direct and monitor electric substations, hydro-generating stations, transmission networks and distribution facilities within a Regional Control Center's jurisdiction including making load, voltage and reactive adjustments using state of the art equipment. To perform such activities as:

- Direct switching operations and routine testing;
- Administer Company mark-up rules and other equipment tests as directed;
- Control and direct restoration procedures for interruptions and disturbances, including dispatching of personnel;
- Monitor security and other alarms for stations and other Company facilities;
- Record readings, log information and compile and issue reports connected with the operation of the system;
- Receive and analyze trouble calls and dispatch personnel as required;
- Dispatch personnel involved with construction, maintenance and operations.

Job Qualifications:

- Must have a minimum of five years' experience in related electric transmission, hydro and distribution facility operations;
- Must have satisfactorily completed courses in Electricity I and II or Electric Circuits I and II and Electric Machines I and II or Power Systems I and II. Courses with equivalent course content may be substituted in lieu of these courses upon mutual agreement.
- Must demonstrate ability to think clearly and logically and apply an analytical approach to problem resolution under rapidly changing conditions and interface well with others, clearly communicating decisions and information.
- Must demonstrate a knowledge of Company electrical facilities and equipment, policy and procedure, including ability to read station and line diagrams.

NOTE: Upon satisfactorily completing a training period of eighteen (18) months (this can include Company training courses with review), the employee will be promoted to Regional Operator B. This 18 months may be extended up to six (6) months to allow an employee to qualify.

Only bids received on or before the above close date will be given consideration. Email bids to RecruitingNY@nationalgrid.com or fax bids to (315)401-7890.

Bidders seeking to be considered for posted positions have the responsibility to fully set forth their qualifications on the job vacancy bid form. Candidates will be considered based on their seniority and the information provided on, or attached to, the bid form. Candidates who choose to submit incomplete forms may be deemed unqualified or ineligible for the posted position.
