

C-51803 Chief Substation Worker A

Description:

Pay Rate:

Location: Liverpool

Supervisor: Kyle Pierce

Unposting Date: 04-23-2024

About the position:

Under general supervision, direct, work with, and train a group to install, construct, inspect, test, operate, and maintain all equipment and facilities in electric substations, switching substations, generating substations, and other electric delivery equipment and facilities found on the transmission, distribution, or underground systems (including underground network – Western Division only). This includes but is not limited to the following:

- All corrective, preventative, predictive, and trouble maintenance
- Perform directed switching per attachment A
- Perform any equipment operations
- Perform all testing functions per attachment A
- Operate and analyze results for all test equipment as required
- Assist, develop, and train personnel
- Work alone or in a crew depending on the task and complexity.

Job Qualifications:

- Must have at least three years' experience as a Substation Worker C with satisfactory work performance and the successful completion of all required trainings as determined by the Company.
- Subject to the Memorandum of Agreement Regarding Residency.
- Must demonstrate sufficient computer and technology abilities.
- Must possess a thorough knowledge of Company equipment, standards and practices applicable to this type of work, and have a working knowledge of fundamental theory relating thereto.
- Ability to read and thoroughly understand complicated electrical, mechanical, and pneumatic/hydraulic diagrams and construction prints.
- Must be able to perform strenuous work including work at elevated heights and confined spaces.
- Must pass physical abilities examination.
- Must pass validated aptitude test.
- Must be able to operate all equipment such as aerial lifts, boom trucks, fork trucks, and articulating lifts, backhoes, and other equipment associated with construction and maintenance.
- Must possess a NYS CDL Class A (restricted) or higher.
- Must possess OSHA crane certification.
- Must possess other licenses required for the position.

Please be advised that due to the nature of this position, incumbents are subject to federal Drug & Alcohol safety regulations governing US Department of Transportation ("DOT") covered positions, including the Federal Motor Carrier Safety Administration (FMCSA) and Pipeline Hazardous Material Safety Administration (PHMSA). As such, the Company's testing programs and policies regarding the use of federally prohibited drugs or alcohol, for recreational or medical purposes, will remain in effect for these safety-sensitive, DOT covered positions.

Only bids received on or before the above close date will be given consideration. Email bids to RecruitingNY@nationalgrid.com or fax bids to (315)401-7890.

Bidders seeking to be considered for posted positions have the responsibility to fully set forth their qualifications on the job vacancy bid form. Candidates will be considered based on their seniority and the information provided on, or attached to, the bid form. Candidates who choose to submit incomplete forms may be deemed unqualified or ineligible for the posted position.
