

E-34308 Chief Tester & Installer Elec

Description:

Pay group: 23

Location: Albany

Supervisor: Richard Moore

Unposting Date: 08/30/2022

About the position:

Under general supervision to oversee and work with Field Testers of all classifications and grades within the Gas Discipline throughout Upstate NY. Ensure compliance of all records and reporting within PCS, coordinate work with lower classification Field Testers, communicate with Gas Engineering and Gas Operations on all aspects of Gas Corrosion Pipeline design and provide recommendations.

Job Qualifications:

- Must have at least 2 years as Field Tester E and be able to demonstrate proficiency in all field tester levels within the Gas Organization.
- Must have thorough knowledge of Company practices and standards relating to the work involved.
- Must pass validated aptitude test.

Only bids received on or before the above close date will be given consideration. Email bids to RecruitingNY@nationalgrid.com or fax bids to (315) 401-7890.

Bidders seeking to be considered for posted positions have the responsibility to fully set forth their qualifications on the job vacancy bid form. Candidates will be considered based on their seniority and the information provided on, or attached to, the bid form. Candidates who choose to submit incomplete forms may be deemed unqualified or ineligible for the posted position.
