

E-34447 Field Tester E Gas (2)

Description:

Pay group: 22

Location: Albany

Supervisor: Kenneth Tremont

Unposting Date: 08/23/2022

About the Position:

Under general supervision to perform duties including testing, diagnostics, and providing recommendations regarding repairs for mandated gas corrosion program. Update corrosion records as necessary on Pipeline Compliance System (PCS) database and related documentation. Train lower classification Gas Field testers in all aspects of corrosion.

Job Qualifications:

- Must have 2 years satisfactory performance as a Gas Field Tester D and demonstrate proficiency in related work, and thorough knowledge of Company Practices and Standards.
- Must have completed NACE (National Association of Corrosion Engineers) Technician level course.

Only bids received on or before the above close date will be given consideration. Email bids to RecruitingNY@nationalgrid.com or fax bids to (315)401-7890.

Bidders seeking to be considered for posted positions have the responsibility to fully set forth their qualifications on the job vacancy bid form. Candidates will be considered based on their seniority and the information provided on, or attached to, the bid form. Candidates who choose to submit incomplete forms may be deemed unqualified or ineligible for the posted position.
