

E-54594 Gas Mechanic C

Description:

Pay Rate:

Location: Gloversville

Supervisor: Troy Rose

Unposting Date: 04-30-2024

About the position:

Under direct supervision to perform the most complex types of installation and repair work on gas transmission, distribution and regulating systems; to operate the most complicated types of construction equipment associated with such work and to do acetylene welding as required in the Gas Department only.

Job Qualifications:

Must have completed satisfactory training as a Gas Mechanic B and have thorough familiarity with Company equipment, standards and practices.

Must pass physical abilities examination.

Must pass validated aptitude test.

NOTE: A complement of qualified acetylene welders will be maintained in operating districts as required.

Please be advised that due to the nature of this position, incumbents are subject to federal Drug & Alcohol safety regulations governing US Department of Transportation ("DOT") covered positions, including the Federal Motor Carrier Safety Administration (FMCSA) and Pipeline Hazardous Material Safety Administration (PHMSA). As such, the Company's testing programs and policies regarding the use of federally prohibited drugs or alcohol, for recreational or medical purposes, will remain in effect for these safety-sensitive, DOT covered positions.

Only bids received on or before the above close date will be given consideration. Email bids to RecruitingNY@nationalgrid.com or fax bids to (315)401-7890.

Bidders seeking to be considered for posted positions have the responsibility to fully set forth their qualifications on the job vacancy bid form. Candidates will be considered based on their seniority and the information provided on, or attached to, the bid form. Candidates who choose to submit incomplete forms may be deemed unqualified or ineligible for the posted position.
