- Set point changes at regulation stations.
- Interpret SCADA/chart readings.
- Large gas meter investigations/set point modifications.
- Regulation station investigations.
- Assist in training employees in a lower classification.
- Completion of field related records/forms.

Skills Sets: Skills to include operating knowledge of:

- Gas regulating station (equipment, set points, configurations).
- Pipelines (both transmission and distribution).
- Large gas meters (proper meter and regulator sizing, delivery pressure requirements, troubleshooting).
- Thorough understanding of pressure systems (MAOPs, interconnections, HiLo valves, regulator set points) including necessary valving, start-up and shutdown procedures, troubleshooting problems.

Job Qualifications:

- Must have completed satisfactory training as an I&R Gas Mechanic C along with demonstrating their ability to perform I&R tasks at the C Level for a minimum of 3 years in accordance with the MOA. Demonstrations can include hands-on and written evaluations.
- Must have thorough knowledge to operate gas pipelines and distribution systems in a safe and reliable manner.
- Must have thorough knowledge of pressure systems (MAOPs, interconnections, HiLo valves, regulator set points) including necessary valving, start-up and shutdown procedures, troubleshooting problems.
- Must have class A CDL (Commercial Drivers License).
- Must have basic knowledge of instruments (Heise, etc.).

NOTE: Evaluation of employee's aptitude in this position meeting in increments limited to; initially, 3, 6 and 12 months, and annually from start of position. Evaluations will be based on a set of documented criteria.

Please be advised that due to the nature of this position, incumbents are subject to federal Drug & Alcohol safety regulations governing US Department of Transportation ("DOT") covered positions, including the Federal Motor Carrier Safety Administration (FMCSA) and Pipeline Hazardous Material Safety Administration (PHMSA). As such, the Company's testing programs and policies regarding the use of federally prohibited drugs or alcohol, for recreational or medical purposes, will remain in effect for these safety-sensitive, DOT covered positions.

Many of the terms and conditions of employment for this position are defined by the current L97 and/or L97C collective bargaining. Agreements (CBA's). Employees awarded positions are subject to and bound by the terms of these CBA's as well as other. Agreements (MOA's, MOU's, ...) between the Company and Union. If you have any questions, please contact a L97, L97C Union Steward.

L97C bidding procedure:

All employees who are covered by the terms of the L97C CBA (Gold Book) are required, starting May 5, 2024, to submit job bids on or before the above close date electronically through the Sodales job bidding system. Employees must submit bids through Sodales for both Gold and Blue Book positions. The Company will not be accepting bids from L97C represented employees via email, fax or paper going forward. Information on accessing and using Sodales can be found on [Gridhome](#), as well as this link sending you directly to [Sodales](#).

Candidates will be considered based on their seniority and the information provided on your application. Candidates who choose to submit incomplete applications may be deemed unqualified or ineligible for the posted position.

L97 bidding procedure:

All employees who are covered by the terms of the L97 CBA (Blue Book) are required, to submit bids on or before the above close date electronically through Sodales job bidding system (highly recommended), emailing bids to RecruitingNY@nationalgrid.com or fax bids to (315)401-7890.

Bidders seeking to be considered have the responsibility to fully set forth your qualifications on the job vacancy bid form. Candidates will be considered based on their seniority and the information provided on, or attached to, the bid form. Candidates who choose to submit incomplete forms may be deemed unqualified or ineligible for the posted position.
